

# Congratulations to the 2010 Joseph Leo Mackin, Jr. Building and Driving Our Future Scholarship Program Recipients!

The Mackin Family Foundation is proud to announce the winners of the 2010 Joseph Leo Mackin, Jr. Building and Driving Our Future Scholarship Program. The excellence of this year's applicants made for a very difficult decision. Every year the board awards scholarships to family members of Interlock Industries subsidiary employees. The awards are granted to current students, returning students or students who are about to embark on their post-high-school education. The board awarded a total of \$15,000.00 in scholarships to three outstanding students, all of which have distinction not only in their studies, but have also strived toward social responsibility and philanthropy. This year's scholarships were presented to Morgan Enright, Megan Litwiller and Derrek Richardson. On behalf of the entire organization, we congratulate our proud recipients.
