

INTERNAL RELEASE

For immediate release:

Louisville Transportation Company Acquires Gateway Ambulance.

Louisville, Kentucky – Louisville Transportation Company (LTC) has acquired the operations of Gateway Ambulance Service, an ambulance company currently operating out of St. Louis, Missouri.

Gateway Ambulance currently completes over 1400 runs per month serving the citizens in the greater St. Louis area with Basic and Advanced Life Support services. Gateway currently employs over 130 full and part-time certified EMT's, and Paramedics.

“We are excited about obtaining the employee base that brings with it numerous years of providing quality patient care. Gateway Ambulance allows us to enter the St. Louis market with a reputable provider and a professional group of employees. These individuals will be instrumental to the success of Gateway Ambulance,” said Sherman Hockenbury, Executive Director and Vice President of LTC’s ambulance divisions.

Louisville Transportation Company is a multi-state employer providing ambulance and taxicab service. With approximately 800 employees, LTC provides quality transportation around the clock, 24 hours a day 7 days a week. Gateway Ambulance will be joining LTC’s family of companies that operate in Kentucky and Indiana. Yellow Ambulance provides emergency and non-emergency medical services to Louisville, Hopkinsville, and Owensboro in Kentucky, and Floyd and Clark counties in Southern Indiana. Care Ambulance provides those same services in Indianapolis and Western Indiana. Yellow, Checker and Cardinal Cab provide dependable, safe and on time service for the Metro Louisville, and Southern Indiana areas. Yellow and Wildcat Cab provide the same outstanding service in Lexington, KY.
